I am writing on behalf of Academics for Choice to express our support for the amendment put forward by Doctors for the amendment to revert to its original language, as read and voted for in the second reading:

"243B. No offence under article 241(2) or article 243 shall be committed when the termination of a pregnancy results from a medical intervention aimed at protecting the health of a pregnant woman suffering from a medical complication which may put her life at risk or her health in grave jeopardy."
