Dear Committee Members

I would like to propose the amendment reverts to its original language, as read and voted for in the second reading:

"243B. No offence under article 241(2) or article 243 shall be committed when the termination of a pregnancy results from a medical intervention aimed at protecting the health of a pregnant woman suffering from a medical complication which may put her life at risk or her health in grave jeopardy."

Kind regards,

Dr. Elena Saliba
