

RIŻOLUZZJONI DWAR TRASFERIMENT TA' PROPRJETÀ - ADDENDUM

IL-MINISTRU GHALL-ARTIJET U L-IMPLIMENTAZZJONI TAL-PROGRAMM ELETTORALI JIPPROPONI ILLI L-KAMRA TAD-DEPUTATI TAPPROVA DIN IR-RIŻOLUZZJONI: -

Billi fit-12 ta' Lulju 2023, tressqet riżoluzzjoni quddiem din il-kamra dwar bdil fl-użu ta' sit minn wiehed industrijali għal dak kummerċjali, liema sit inkwistjoni, jinsab fi Triq l-Iljun fiż-żona magħrufa bħala l-Istabal limiti ta' Hal Qormi, li għandu qies ta' circa 8,220m², muri delineat bl-aħmar fuq il-pjanta P.D. No.: 2009_96_1. L-Awtorita' tal-Artijiet approvat it-trasferiment tal-Utile Dominju temporanju taż-żmien rimanenti mil-konċessjoni emfitewtika viġenti minghand Nylon Knitting Ltd. lill-kumpanija PAVI Shopping Complex Limited.

Billi din il-kamra approvat il-bdil fil-kundizzjoni tal-użu tas-sit minn wiehed industrijali għal dak kummerċjali versu is-somma ta' €4,881,939, liema somma ntlahaq qbil li għandha tkun pagabbli b' pagamenti annwali indaqs bil-quddiem fuq perjodu ta' għaxar snin.

U billi wara din l-approvazzjoni parlamentari, l-Awtorita' tal-Artijiet giet mgharrfa li l-qies attwali tas-sit li kellu jiġi trasferit huwa ta' 7,983m² (li jfisser 237m² inqas minn dak approvat) hekk kif muri delineat bl-aħmar fuq il-pjanta P.D. No.: 2009_96_1_A.

Illi minhabba dan it-tnaqqis fil-qies tas-sit, kellha ssir reviżjoni tal-valur monetarju tal-bdil fil-kundizzjoni minn użu industrijali għal dak kummerċjali. Il-valur il-ġdid li nkiseb huwa ta' €4,797,783.

Għaldaqstant fid-dawl ta' dawn il-bidliet fil-qies tas-sit in-kwistjoni u fil-valur monetarju tal-bdil fil-kundizzjoni surriferita, qed terġa tintalab l-approvazzjoni parlamentari skont Artiklu 31, sub-artiklu (ċ) ta' Taqsima III tal-Att dwar Artijiet tal-Gvern (Kapitolu 573), fejn *huwa maħsub li art li tkun proprjeta' tal-Gvern jew amministrata minnu tista' tiġi trasferita (jew jista' jsir tibdil ta' xi kundizzjoni) skond riżoluzzjoni speċjali tal-Kamra tad-Deputati li tkun fis-seħħ fil-waqt tat-trasferiment. (Kliem fil-parentesi miżjud)*. Għalhekk huwa b'dan riżolut illi l-abbozz ta' kuntratt approvat minn din il-kamra fir-riżoluzzjoni originali jiġi sostitwit bil-kuntratt kif jinsab hawn anness.

Onorevoli Stefan Zrinzo Azzopardi

Ministru għall-Artijiet u l-Implimentazzjoni tal-Programm Elettorali

Definitions

Unless the context otherwise requires and in addition to any other definitions made or made reference to elsewhere in this deed, the following terms have these meanings respectively assigned to them:

"**Deed of Emphyteusis**" means the deed in the records of Notary Anthony Attard dated the third (3rd) day of June of the year one thousand nine hundred and sixty-three (1963), by virtue of which the Government granted a plot of land in Qormi on temporary emphyteusis for a period of one hundred and fifty (150) years with effect from the 3rd day of June of the year 1963 to Chatillon (Malta) Limited, a limited liability company bearing registration number letter C four, zero, one (C 401).

“Emphyteutical Land” means the plot of land denominated ‘Tal-Istabar’ or ‘Tal-Istabal’, in the limits of Qormi, measuring approximately eighty-three thousand six hundred and thirteen square meters (83,613m²), bounded on the north west by Manwel Dimech Street, on the south east by Lion Street (*Triq l-Iljun*) and on the north east by property of the Government or its successors in title, as better and in detail described in the Deed of Emphyteusis.

“Government” means the Government of Malta.

“Lands Authority” means the authority established under Article five (5) of the Lands Authority Act chapter five hundred and sixty-three (563) of the Laws of Malta or any other body or authority established by law in its stead.

“Parties” means the Government and Pavi referred to collectively.

“Pavi” means the limited liability company PAVI Shopping Complex Limited having company registration number letter C four, one, nine, six, two (C41962) and having its registered office at ‘PG Group Head Offices’, Pama Shopping Village, Valletta Road, Mosta.

“Site” means the divided portion of land forming part of the lands known as ‘Tal-Istabar’ or ‘Tal-Istabal’, in the limits of Qormi, Malta, with a frontage on Lion Street (*Triq l-Iljun*) having a superficial area of seven thousand nine hundred and eighty-three square meters (7,983m²), formerly forming part of the site named ‘Nylon Knitting’, bounded on the north and north west by property of Pavi Shopping Complex Limited, on the west and south west by property of Nylon Knitting Limited or its successors in title, and on the south east by Lion Street, as shown bordered in red on the plan and site-plan attached to this deed indicated as Property Drawing number two thousand and nine underscore ninety-six underscore one underscore capital letter ‘A’ (P.D. No.: 2009_96_1_A), and marked document letter “B”. The Site was dismembered from the Emphyteutical Land by virtue of a deed in the records of Notary Sam Abela of the twenty seventh (27th) day of December of the year two thousand and twenty-two (2022), whereby the temporary utile dominium of the Site was transferred to Pavi.

Recitals

The Parties hereby declare and premise:

Whereas by virtue of the Deed of Emphyteusis, the Government granted on temporary emphyteusis the Emphyteutical Land to Chatillon (Malta) Limited, for a period of one hundred and fifty (150) years with effect from the third (3rd) day of June of the year one thousand nine hundred and sixty-three (1963), to be used exclusively for the industrial purposes mentioned in the Deed of Emphyteusis.

Whereas Chatillon (Malta) Limited changed its name to Montefibre Malta Limited on the fourth (4th) day of February of the year one thousand nine hundred and seventy-four (1974); and whereas Montefibre Malta Limited in turn changed its

name to Nylon Knitting Limited on the twenty-fifth (25th) day October of the year one thousand nine hundred and seventy-eight (1978).

Whereas by virtue of a deed of sale in the records of Notary Sam Abela of the twenty-seventh (27th) day of December of the year two thousand and twenty-two (2022), Pavi acquired from the ownership of Nylon Knitting Limited the temporary utile dominium of the Site which was dismembered from the Emphyteutical Land, and this for the remaining period from the aforementioned period of 150 years with effect from the third (3rd) day of June of the year one thousand nine hundred and sixty-three (1963).

Whereas Pavi owns and operates the PAVI Shopping Complex in Manwel Dimech Street, Qormi which is adjacent and contiguous to the Site, in this deed referred to as the "*PAVI Shopping Complex*".

Whereas it is the intention of Pavi to develop the Site as an extension of PAVI Shopping Complex, in this deed referred to as the "*Project*".

Whereas in terms of the Deed of Emphyteusis, the Site must be used exclusively for the industrial purposes mentioned in the Deed of Emphyteusis.

Whereas the operations of PAVI Shopping Complex are of a commercial nature.

And whereas Pavi is desirous to modify the Deed of Emphyteusis, in such a way as to modify the permitted use of the Site from industrial to commercial and only insofar as the Site is concerned, and the Government accepts and this under the terms and subject to the conditions contained in this deed.

Now therefore, by virtue of this present deed, the Parties hereby agree and give their consent to modify the Deed of Emphyteusis, specifically to modify the permitted use from industrial to commercial and only insofar as the Site is concerned, as stipulated above, and this under the following terms and conditions:

1. This modification is being made for the consideration of four million, seven hundred and ninety-seven thousand, seven hundred and eighty-three Euro (€4,797,783), in this deed hereinafter referred to as the "*Consideration*". Said consideration is payable in ten (10) equal instalments of four hundred and seventy-nine thousand, seven hundred and seventy-eight Euro and thirty cents (€479,778.30) (in this deed hereinafter in plural referred to as the "*Instalments*" and in singular referred to as an "*Instalment*") over a period of nine (9) years. The first instalment is to be paid today and every other instalment is to be paid on each consecutive anniversary of this deed, provided that the whole balance shall be paid in full by not later than nine (9) years from the signing of this deed.

Now therefore, Pavi is hereon paying to the Government the sum of four hundred and seventy-nine thousand, seven hundred and seventy-eight Euro and thirty cents (€479,778.30) representing the first Instalment on account of the Consideration. The Government is receiving this payment of €479,778.30 and remits due receipt.

No interest shall be paid on the balance of the Consideration provided that the Instalments are paid punctually on the due date; however, should Pavi be in default in any one Instalment, interest shall run on the unpaid Instalment at the highest rate allowed by law, which interest shall run with effect from the due date of such unpaid Instalment, and this in addition to any other right of the Government in terms of this deed and at law.

Should Pavi be in default in the payment of any one Instalment on account of the Consideration and remains so in default for a period of fifteen (15) working days from the date of filing by the Lands Authority for and on behalf of the Government of a judicial letter requesting payment, the Government shall have the right, being stipulated exclusively for its own benefit, to terminate and dissolve the emphyteutical concession of the Site arising from the Deed of Emphyteusis.

2. In warranty of the payment of the balance of the Consideration, the Government is hereby reserving in its favour and Pavi hereby constitutes in favour of the Government a special privilege competent to the Government in terms of Article two thousand and ten (2010) of the Civil Code, chapter sixteen (16) of the Laws of Malta, and this over the Site with all its rights and appurtenances including, but not limited to, the improvements to be constructed thereon. Furthermore, Pavi is hereby constituting in favour of the Government a special hypothec over the same property. The sum of two hundred and fifty thousand Euro (€250,000) is being set for the purposes of inscribing the above mentioned hypothecs. This sum is being accepted only for the registration of such hypothecs and in no way shall limit the obligations and/or the penalties mentioned earlier on in this deed in case Pavi or their successors in title default in one of the conditions mentioned in this same deed.

3. Any clause and/or condition listed in the Deed of Emphyteusis which runs counter to the contents of this current deed and of the present modification, is to be considered null and void *ipso iure*.

Save what was stated above, the Parties hereby confirm the validity and applicability of all the other terms and conditions of the Deed of Emphyteusis published in the records of Notary Anthony Attard dated the third (3rd) day of June of the year one thousand nine hundred and sixty-three (1963).

Statutory Declarations

I, the undersigned Notary declare to have explained to the parties the importance of the veracity of their declarations in respect of the value of the property in question. It is hereby declared that the value given to the property by virtue of this deed is fair and just after I explained to the contracting parties about the importance of this declaration.

For the purposes of Chapter two hundred and ninety-six (296) of the Laws of Malta, it is hereby declared the site is registered with the Land Registry.

For the purposes of subarticle two of Article nine (9[2]) of the Duty on Documents

and Transfers Act, Chapter three hundred and sixty-four (364) of the Laws of Malta, it is hereby being declared by all Parties that the Site is undeveloped, and that there are no buildings nor improvements constructed and/or erected thereon. The Parties make such declaration after the undersigned Notary warned them about the importance of the truthfulness of this declaration of theirs.

For the purposes of the Duty on Documents and Transfers Act, Chapter three hundred and sixty four (364) of the Laws of Malta, it is hereby declared that the stamp duty due by Pavi amounts to two hundred and thirty-nine thousand, eight hundred and ninety Euro (€239,890), calculated at the rate of five percent (5%).

For the purposes of the Income Tax Act, Chapter one hundred and twenty three (123) of the Laws of Malta and for the purposes of the Income Tax Management Act, Chapter three hundred and seventy two (372) of the Laws of Malta, it is hereby declared that no capital gains tax is due since the Government is exempt from the payment of tax.

For the purposes of the Immovable Property (Acquisition by Non-Residents) Act, Chapter two hundred and forty six (CAP.246) of the Laws of Malta (hereinafter referred to as "the AIP Act"), the representative of the Emphyteuta declares that the Emphyteuta qualifies to acquire the grant hereby made without the necessity of obtaining a permit under the AIP Act for the reason that the Emphyteuta is entirely owned by citizens of member states of the European Union and that the directors are also by citizens of member states of the European Union and that it is acquiring the grant for the activity of the Emphyteuta as results from the Memorandum and Articles of Association of the Emphyteuta and that for these reasons it may acquire the grant without the need of a permit issued under the AIP Act and that he is making these declarations after I the undersigned Notary warned him of the importance of the truthfulness and correctness of these declarations.

For the purposes of sub article twelve (12) of Article five capital A (5A) of the Income Tax Act, the parties declare that they have declared to the undersigned notary all the facts that determine if the transfer is one to which article 5A applies and that are relevant for ascertaining the proper amount of tax chargeable or any exemption, including the value which, in their opinion, reasonably reflects the market value of the said property, if this value is higher than the consideration for the transfer. The parties make such declaration after the undersigned notary warned them about the importance of the truthfulness of this declaration of theirs.

For the purpose of the second proviso to Sub-Article five (5) of Article eighty four letter C (84C) of the Notarial Profession and Notarial Archives Act, it is being declared that paragraph letter 'd' of the regulation number four (4) of the Legal Notice regarding the 'Examination of Title Regulations', the Notary is exempt '*ipso iure*' from examining the title with regards to the immovable property being acquired by means of this deed and the Emphyteuta declares that I the undersigned Notary explained to them the importance and consequences of such exemption.

For the purposes of the Government Lands Act (Chapter 573) of the Laws of Malta, this deed and each one and all its Parts and the transactions contained therein have been approved by the House of Representatives of Malta by special

resolution in accordance with article thirty-one sub-article letter 'c' (31 (c)) of the Government Lands Act, chapter five hundred and seventy three (573) of the laws of Malta, made during the sitting of the twelfth (12th) day of July of the year two thousand twenty-three (2023), bearing motion number one hundred sixty-three of the year two thousand twenty-three (163/2023).

This deed was done, read and published after due explanation of its contents according to the law in Malta,

Informazzjoni Utli

Skont l-Artiklu 79 (3) (e) tal- Kap. 573 tal- Ligijiet ta' Malta, ir-rapport ta' Stima Peritali għandu jinkludi: "l-operazzjonijiet paragunabbli, jekk ikun hemm, li l-proprjetà tkun ġiet valutata b'riferenza għalihom". L-Awtorità tal-Artijiet ikkummissjonat ir-rapport: "Consolidated Document on Property Valuation: A Compilation of Information and Examples" li jista' jiġi mnizzel mis-sit elettroniku: <https://landsauthority.org.mt/wp-content/uploads/2018/03/Valuations-Manual-LA.pdf>. F'pagna 54 ta' dan ir-rapport hemm indikazzjoni ta' sorsi lokali li jistgħu jintużaw biex wiehed jottjen i operazzjonijiet paragunabbli: "Useful sources of data include the Central Bank, real estate agents, National Statistics Office, Planning Authority, consideration of development activity in the nearby area. The valuer should also bear in mind the final target consumer and what is required, sought and afforded by this target consumer."

Għalhekk huwa mistenni li meta jiġi pprezentat ir-rapport ta' Stima Peritali, l-operazzjonijiet paragunabbli, inkluż is-sors tagħhom (eż. numru ta' referenza jew identifikazzjoni fil-każ ta' entries minn databases ta' estate agents) iridu jiġu mnizzla waħda waħda, b'mod ċar. L-operazzjonijiet paragunabbli għandhom ikunu rilevanti għal proprjetà in kwistjoni, speċjalment li jkunu fl-istess lokalità u b'karatteristiċi simili.

Il-Perit għandu dejjem jagħmel referenza għall-valuri li jkunu indikati fil-kuntratti tat- trasferiment jew akkwist ta' proprjetà paragunabbli li l-Perit għandu jottjeni mingħand l- Awtorità stess. Jekk tali kuntratti ma jkunux fil-pussess tal-Awtorità, il-Perit għandu jannetti dikjarazzjoni mill-Awtorità f'dan is-sens.

Fejn hu possibli, għandha tingabar informazzjoni minn iktar minn sors wiehed. Sorsi oħra li jistgħu jintużaw jinkludu:

(i) Kuntratti notarili ta' bejgħ ta' proprjetà; - Dikjarazzjonijiet ta' Akkwist tal-Art, li jiġu ppublikati fuq il-Gazzetta tal-Gvern; (ii) Deciżjonijiet tal- Bord ta' Arbitraġġ dwar Artijiet, li jistgħu jiġu mnizzlin mis-sit elettroniku: <https://ecourts.gov.mt/onlineservices/Judgements/Search>

Sorsi differenti jistgħu jstabilixxu valuri differenti (minhabba kummissjonijiet jew senseriji, per eżempju). Għalhekk huwa mistenni li l-Perit jispjega b' mod ċar: (a) kif dawn il-valuri ntużaw biex wasal għal valur aħħari; (b) il-varjazzjonijiet li għamel fuq dawn il-valuri u r- ragunijiet għal dawn il-varjazzjonijiet; (c) u l-kalkoli kollha li qed jiġu kkunsidrati.

8. Informazzjoni dwar il-"planning site history" u l-"planning policies" li jaffettwaw l-propjetà

8.1 Planning Site History

PA/05236/20 - Installation of Solar Farm with area of 15,500sqm for the purpose of renewable energy generation by means of photovoltaic technology on factory roof tops

PA/06551/18 - Decommissioning of existing Liquid Petroleum Gas Tank and construction of a new 25,000 litre tank and control room

PA/02181/18 - Construction of an extension to existing factory to serve as storage and distribution Class 6A and the formation of a new vehicular access from Triq L-Iljun

PA/06684/06 - Demolition of M&E block (marked as A on block plan) and shifting of production area to cater for new technology employing less personnel but having bigger machinery

PA/07180/05 - Proposed extension to existing factory 'Nylon Knitting' at Qormi

PA/05515/03 - To extend existing container park and build new strengthened boundary wall to withstand flood waters presently invading the factory premises

F'din it-taqsimha jrid ikun hemm deskrizzjoni tal- "planning site history" li tinkludi fl-ewwel post il-permess tal-iżvilupp tal-propjetà u lista ta' kull tip ta' applikazzjoni li tkun saret fuq il- propjetà (PAPB/PA, DNO, RG, CTB, SE), deskrizzjoni sommarja tal-iżvilupp li kien propost f'kull applikazzjoni u jekk l-applikazzjoni għadhiex pendent jew jekk gietx decizja u x'kienet d- decizjoni finali tal-Awtorità tal-Ippjanar jew tat-Tribunal ta' Revizjoni tal-Ambjent u l- Ippjanar. Il- "planning site history" għandha tinkludi wkoll referenza għall-azzjonijiet ta' infurzar fuq il-propjetà (ECF) u deskrizzjoni sommarja tal-irregolarità u turi jekk dawn l- azzjonijiet għadhomx in vigore jew għewx konkluzi.

45A

8.2 Planning Policies

Skont il-Pjan Lokali ta' Hal-Qormi, u specifkament il-pjanta 'QOM1 - Qormi Area Policy Map', l-art hija designata bhala 'SME site' soggetta ghal-policy Q008, li jillimita l-uzu ghal-skop indutrijali ta' 'Business and Light Industry', 'General Industry' u 'Storage and Distribution'

Din it-taqsimha trid tinkludi wkoll deskrizzjoni tal- "planning policies" kollha li jista' jkollhom impatt fuq il-valur tal-propjeta. Ghandu dejjem ikun hemm indikazzjoni jekk il-propjeta hiex gewwa z-zona tal-izvilupp jew le; jekk il-propjeta hiex gewwa zona ta' konservazzjoni urbana jew le; x'inhu z-zoning u x'inhu l-għoli permissibbli tal-bini fil-Pjan Lokali, inkluż deskrizzjoni sommarja tal-policy relevanti. Importanti li jkun ikkonfermat jekk kienu hemm xi revizzjoni tal- policies applikabbli wara d-data tal-Pjan Lokali permezz ta' revizzjoni parzjali jew b'approvazzjoni ta' Planning Control Application. Il-Perit ghandu wkoll jirrelata jekk hemmx xi policy oħra li tista' tintuża biex iżżid (jew tirrestringi) il-potenzjal tal-propjeta bħal policy dwar bini għoli, zieda ta' sulari għal lukandi u djar tax-xjuħ, u d-DC15, skedar u limitazzjonijiet oħra li jinstabu fuq il-geoserver tal-Awtorità tal-Ippjanar.

45A

9. Metodu tal-valutazzjoni u l-valur stmat

L-istima għandha dejjem tirrifletti l-potenzjal massimu tal-proprjeta' u m'għandiex tkun influwenzata bl-ebda mod mit-talba li tkun saret għaliha minn kull persuna.

L-ewwel metodu li gie addottat sabiex naslu għal valutazzjoni tal-art in kwistjoni, kienet dik ta' l-operazzjonijiet paragonabbli; izda l-eżempji li nstabu kienu ta' proprjetajiet ferm iżgħar mill-art li qed tigi valutata u allura wara diskussjonijiet, ittiehdet id-decizjoni li jintuza metodu ieħor, dak tal 'Income Approach'.

Sabiex tinhadem din it-tip ta' valutazzjoni, kien hemm bzonn ukoll l-involvement ta' accountant u għal dan il-ghan, l-Awtorita' tal-Artijiet hatret lis-Sur John Abela sabiex jassistina f'dan it-tieni eżercizzju.

Gew mehuda eżempji ta' artijiet li qed jintuzaw għall-skopijiet kummercjali u artijiet oħra li qed jigu uzati għall-skopijiet industrijali u dana sabiex tinhadem id-differenza ta' valuri ta' artijiet bejn dawn iż-żewġ tipi ta' uzu. Il-hames eżempji uzati huma ta' proprjetajiet li d-daqs tagħhom jikkompara mal-art li qed nivvalutaw. Qed nannettu ma' din il-valutazzjoni r-rapport mahrug mis-Sur John Abela, fis- Sezzjoni 7 (Operazzjonijiet Paragonabbli).

Din l-'Income Approach' tiehu in konsiderazzjoni l-ispejjez li saru sabiex l-artijiet rispettivi jintuzaw għall-iskopijiet odjerni; izda, għall-skopijiet ta' informazzjoni biss, ahna l-periti kkalkulajna l-ispejjez li jridu jintefqu sabiex din l-art in kwistjoni tinbena u tibda tintuza għall-skopijiet kummercjali, u li jammontaw għal cirka €5,100,000.00 (hames miljuni u mitt elf ewro). Dan huwa bbazat fuq site coverage ta' 70%, u bini ta' sular wiehed.

Il-valuri li jirrizultaw minn dan il-metodu ta' Income Approach għall-art in kwistjoni huma dawn:

- Uzu industrijali - €482.00/mk (€3,962,040.00)
- Uzu kummercjali - €1,083.00/mk (€8,902,260.00)

Mela allura d-differenza fil-valur bejn dik ta' uzu industrijali u dik ta' uzu kummercjali hija ta' €601.00/mk.

Skont il-formola li biha jinhadem il-valur ta' Għotja Emfitewtika Temporanja mhux revedibbli, jagħtina l-valur maqsum hekk:

- € 4,881,939.93 għall-Utile Dominium
- €58,280.07 għad-Directum Dominium (il-Gvern)

Il-fatt li fadal 91 sena sakemm jagħlaq ic-cens, ifisser li dan il-valur huwa kwazi totali għal min qed igawdi ic-cens).

Mela allura l-valur sabiex tinbidel il-kundizzjoni li l-art tista' tigi zviluppata kummerjalment huwa ta' €4,940,220.00 (erba' miljuni, disa mija u erbghin elf, mitejn u ghoxrin ewro).

Din it-taqsimha hija l-aktar importanti fir-rapport peritali u l-informazzjoni kollha li tkun ingabret u għiet deskritta fit-taqsimiet ta' qabel għandha l-ghan ewlieni biex twassal għal valur tal-proprjeta' li jirrifletti b'mod oggettiv u kemm jista' jkun konsistenti, il-valur fis-suq.

45A

Il-Perit għandu jiddikjara l-valur tal-propjetà abbażi tal-metodu tat-trasferiment anticipat – bejgħ (freehold), xiri assolut, ċens u l-kundizzjonijiet marbutin miegħu, b'kirja u l-kundizzjonijiet marbutin magħha, u f'xi każijiet, pusses u użu, terminazzjoni jew encroachment – u jiddeskrivi l-metodoloġija li addotta, kull kalkulazzjoni li jkun għamel u l-informazzjoni li bbażhom fuqha.

Huwa essenzjali li l-Perit jagħmel użu mir-rapport: "Consolidated Document on Property Valuation: A Compilation of Information and Examples" u jikkwota b'mod preċiż il-paragrafi li jkun uża minnu aktar milli dikjarazzjoni ġenerika dwar l-użu tiegħu.

10. Dikjarazzjoni dwar kunflitt ta' interess

Illi b'dan niddikjaraw li ma kellna ebda kunflitt ta' interess fid-data tal-valutazzjoni

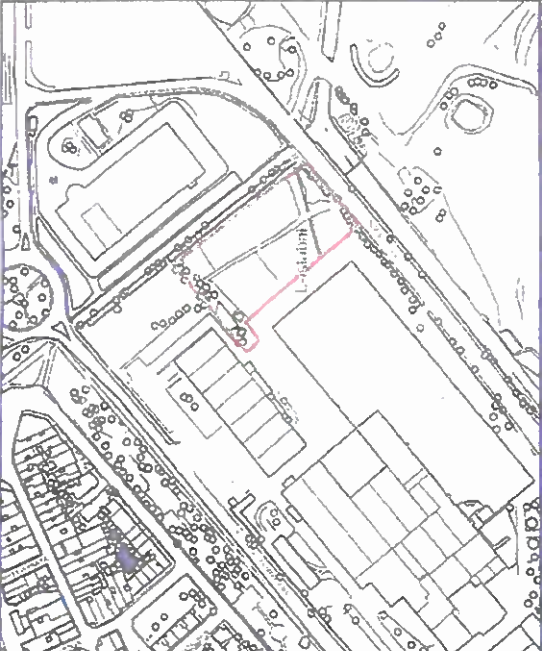

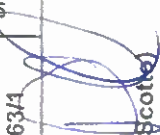

Ir-Rapport ta' stima peritali għandu jkun konkluz b'dikrazzjoni mill-Perit li ma kellu ebda kunflitt ta' interess fid-data tal-valutazzjoni.

Qormi Industrial Areas

The SME Sites at L-Istabal, Tal-Bajjad and Tad-Dwieli as indicated in the Qormi Area Policy Map are designated by MEPA for the following land uses:

1. Class 11 (Use Classes Order, 1994). Business and Light Industry;
2. Class 12 (Use Classes Order, 1994). General Industry; and
3. Class 17 (Use Classes Order, 1994). Storage and Distribution.

Development in these industrial areas is subject to the following conditions:

- i. Developments shall not exceed a building height of three floors plus semi-basement;
- ii. Compliance with any required mitigation measures that may be identified during the assessment process of particular planning applications; and,
- iii. It is shown to the satisfaction of MEPA that no deleterious impacts will result from any development.

13.1.25 The TPS (1988) zoning of the established industrial areas at L-Istabal, Tal-Bajjad and Tad-Dwieli is being retained however following specific criteria in order to ensure that no negative impacts arise from such uses.

Lands Authority
Qormi Land Valuation
July 2022

45A

Introduction

45A

Introduction

We have been appointed by the Lands Authority to re-examine a valuation already carried out by 3 architects in respect of a site currently part of the Nylon Knitting Complex in Tal-Istabar, Triq l-Iljun, Qormi with an approximate area of 8,220 sqm.

The valuation is required to assign a monetary value to a change in conditions included in the emphyteutical contract that restricts the use of this site from industrial purposes in order for it to be used for commercial reasons in the future.

34

Our Office have been asked to assist the Architects in the determination of rental values which similar large scale commercial developments in the area may yield with a view to obtain a reasonable land value for commercial use.

This document shall serve as a valuation report intended for the use by the Lands Authority only, and may not be quoted, referred to, distributed or in any way be made available to the general public, without the prior written consent of Horwath Malta.

45A

Background Information

45A

Background Information

Currently there are ongoing discussions to transfer a portion of Nylon Knitting's land to PAVI Group. The site under discussion has an area of approximately 8,220 sqm and forms part of a larger plot of land with an area of 82,673 sqm which was held under temporary emphyteuses for a term of 150 years from June 1963. The property is unencumbered and can be transferred, hypothecated and sub-leased to third parties.

The property under review is undeveloped and is located in the outskirts of Qormi which is a sought-after area for retail and industrial operations. It is next to PAVI and LIDL supermarkets and in close proximity to Centre Parc Mall.

It must be noted that the area where the land is situated is considered to be flood prone, especially during heavy rains and storms. Certain weather conditions can raise the watercourse level in the valley thus preventing any storm water from draining properly into the sea with the consequence of flooding the entire low-lying surroundings.

45A

Background Information

There is also the risk of finding archaeological remains when excavating the area. It is documented in various reports that remains of the mid-twentieth century were discovered in the Qormi Valley and the Marsa inner basin which was part of the marshland in olden times.

Through searches it does not appear that the property is facing any enforcement action and it is being assumed that the property adheres to all relevant statutory considerations and building laws and regulations.

IFRS 13 Fair Value Measurement

45A

IFRS 13 – Fair Value Measurement

IFRS 13 defines fair value as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique.

When measuring fair value an entity shall take into account the characteristics of the asset which include:

39

- the condition and location of the asset; and
- restrictions, if any, on the sale or use of the asset

An entity shall measure the fair value of an asset using the assumptions that market participants would use when pricing the asset, assuming that market participants act in their economic best interest.

45A

IFRS 13 – Fair Value Measurement

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its "highest best use" or by selling it to another market participant that would use the asset in its "highest best use".

An entity shall use valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Such valuation techniques include the:

- Market Approach,
- Cost Approach, and
- Income Approach

The market approach uses prices and other relevant information generated by market transactions involving identical or comparable (similar) assets.

45A

IFRS 13 – Fair Value Measurement

The cost approach reflects the amount that would be required currently to replace the service capacity of an asset (often referred to as current replacement cost).

The income approach converts future amounts (cash flows) to a single current (discounted) amount. When the income approach is used, the fair value management reflects current market expectations about those future amounts.

5

45A

Income Approach Methodology

45A

The Income Approach

The income approach assumes that the market value of any property, be it freehold or leasehold, represents the discounted value of the predicted future benefits derived from the ownership of that property.

The value from leasehold properties is established from the grant of a lease by the landlords to a leaseholder. The length of the lease term is critical and will influence the valuation approach.

53

We are of the opinion that the Income Approach is the most adaptable methodology to be used in quantifying a monetary value to change a condition within the emphyteutical deed that restricts the use of this site from an industrial into a commercial use.

45A

The Income Approach

In our computations (refer Appendices 19 to 28) we have made sure that sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

To this effect we have gathered relevant information through audited financial statements on entities that operate in the vicinity of the land to be valued. These include Nylon Knitting Limited, PAVI Shopping Limited and LIDL Malta Limited.

During our work, we have also managed to review leasehold agreements for a prospective retail operation within Centre Parc Mall and an existing industrial operator within the Bulebel Industrial Zone.

Change of Use Compensation

A fair value measurement of a property takes into account the market participant's ability to generate economic benefits by using the asset in its "highest and best use" thereby ensuring that the use of the asset is financially feasible.

Financial feasibility ensures that the use of the asset is capable of generating adequate cash inflows and outflows which should also include any extraordinary capital expenditure for converting the asset to that use.

The compensation for the change of use on page 15 of this report does not take into account any such extraordinary costs to convert the asset to its "highest and best use".

Dear Periti,

Reference is being made to the valuation attached above which the Authority requested you to draw up on the February 3, 2022. A copy of the email of engagement is also attached above for ease of reference.

In a nutshell, the assignment consisted of assigning a monetary value to a change in condition included in the emphyteutical contract that restricts the use of this site from industrial purposes in order for it to be used for commercial reasons in the future.

It follows that the Valuations Committee (VC) has reviewed the Valuation and considered that it falls short of a number of technical specifications that may have a bearing on the final value. The VC considered further that the matter necessitates the assistance of a focused specialist in the area. Mr John Abela on behalf of Crowe Horwath Malta is the selected Auditor who shall aid you in the matter.

Going forward, all the three Periti as well as the aforementioned Auditor are required to address the following points:

1. To determine rental values which a similar large scale commercial development in the area may yield with a view to obtaining reasonable land value for commercial use;
2. The circulation area is one of the primary areas which shall be re-examined. It is reasonable to expect that a study of the immediately adjacent similar developments be conducted to determine which percentage rate would be more appropriate;
3. The Periti are required to explain why they chose the 10% circulation rate and not any other rate, as well as to present the relevant workings that helped them achieve this figure.

You are kindly requested to meet and plan way forward. The details of all three Periti and the entrusted Auditor may be found attached above.

The VC expects to receive your clarifications and/or a revised Valuation Report by not later than **June 21, 2022**.

Thank you.
