THE FRENCH AMBASSADOR PAYS A COURTESY VISIT TO MR SPEAKER

Ms Beatrice Le Fraper Du Hellen, Ambassador of the French Republic, has this morning paid a courtesy visit to the Dr Anġlu Farrugia, Speaker of the House of Representatives, Parliament of Malta.

The two dignitaries reiterated that the political relations between Malta and the French Republic are excellent and in fact the exchange visits, which have taken place over the last two years between delegations from the French Senate and the Maltese Parliament, are a proof of this.

The international situation, especially terrorism and the ISIS threat, particularly in neighbouring Libya, featured in the discussions between the two sides.

They highlighted the fact that there were quite a good number of French people of Maltese origin living in France.

They also mentioned the Commonwealth Heads of Government Meeting and the Climate Change Conference which will be organised in Malta and France respectively in November and December of this year.
