The House of Representatives
Valletta

Dear Hon Muscat,

Re : *PARTIAL LOCAL PLAN REVIEW OF THE GOZO AND COMINO LOCAL PLAN (2006) – Triq San Pawl, Ic-Cnuus, Xewkija*

Reference is made to the submissions made by the Standing Committee on the Environment and Development Plan on the above mentioned Review.

Following these submissions, a second phase of public consultation was issued between 25th July and 23rd August, 2017, requesting the owners to identify themselves and provide proof of ownership. The Executive Council considered the five submissions received and evaluated other options for the planning of the area. At its meeting held on 27th March, 2018 the Council agreed to proceed with the layout as already issued for the first public consultation since this was still the best option to address the situation on site.

Yours sincerely,

Joseph Borg
Executive Council Secretary
